

Attendance Rules

- AKTU norms require a minimum of 75% attendance in each subject to appear in end-semester exams.
- Shortage may be condoned only as per AKTU/college rules (for example medical or authorised activity with documents), usually up to a limited percentage.
- Attendance is recorded by faculty and reflected in the college ERP; it also contributes to internal marks.
- Students with shortage may be barred from the semester exam.

Always confirm the current percentage and condonation process with your department coordinator.

Compiled September 2026 from publicly available sources (abes.ac.in and education portals). Figures change every session and some sources differ; confirm with the college before relying on them.
