

Examination

Pattern

- Two parts per theory subject: internal sessional marks (class tests, teacher assessment, attendance) and the AKTU end-semester examination.
- Practical subjects: internal and external practical evaluation.
- Semester exams are conducted by AKTU at affiliated colleges.
- Results are published by AKTU; students can apply for re-evaluation and carry-over (back-paper) exams as per AKTU rules.

Grading

AKTU uses a grade point system (CGPA out of 10). Minimum passing grade per subject is decided by AKTU ordinance; failed subjects can be cleared through carry-over exams.

Eligibility to sit exams

Students must meet the minimum attendance requirement and pay dues (see [attendance_rules.pdf](#) and [fees.pdf](#)).

Compiled September 2026 from publicly available sources ([abes.ac.in](#) and education portals). Figures change every session and some sources differ; confirm with the college before relying on them.
