

Library

- Central library with a large collection of books across engineering, science, management and computer applications (an older portal mentions over 50,000 books).
- Journals, e-resources and digital library access.
- Computer labs with internet facility.
- Reading halls for student use during working hours.

Borrowing rules and timings are set by the library; the ID card is required.

Compiled September 2026 from publicly available sources (abes.ac.in and education portals). Figures change every session and some sources differ; confirm with the college before relying on them.
